

CARPET CLEAN™

ProPulse Spray Extraction Carpet Cleaning Solution Hose

Smooth blue mark-less cover

Trailer mounted and portable carpet cleaning machines need reliable hose. That's why ProPulse™ developed Carpet Clean. ProPulse engineers built in a long life high temperature rubber inner tube and smooth mark resistant cover. Lightweight and highly flexible, this hose can handle the rigors of contractor and rental duty.

APPLICATIONS >

TEMPERATURE
Up to 250° F (121° C)
NOT FOR STEAM

PRESSURE
3,000 PSI

CONTRACTOR DUTY

IMPULSE
200,000 Impulses

ABRASION RESISTANCE

HOSE CONSTRUCTION

- **INNER TUBE:** Water and chemical resistant rubber.
- **REINFORCEMENT:** One layer of braided high tensile strength steel wire.
- **COVER:** Blue light and ultraviolet (UV) stabilized smooth cover bonded to braid.

BENEFITS & FEATURES

- **HIGH TEMPERATURE:** Hose and fittings specifically designed for rigors of solution hose used in spray extraction carpet cleaning.
- **MARK-LESS:** Specially formulated cover for reduced marking.
- **EASE OF HANDLING:** Slides easily over abrasive surfaces, on reels and while coiling and uncoiling.
- **LIGHTWEIGHT:** One wire design reduces weight by 30% over two wire hoses.
- **FLEXIBLE:** Low profile, compact design provides high degree of flexibility.
- **ASSEMBLED IN THE USA:** ProPulse™ Carpet Clean™ is assembled in the USA using foreign and domestic components.
